Pit Hoffmann GmbH & Co. KG

ESPECIAL N°3 from the small growing area in the Mekong Delta, 75% fine cocoa from Vietnam.

The location of a cocoa plant shapes the character of its fruit. That's why the single-origin cocoas in our Single Origin range are among our most exciting creations. Cultivated by smallholders – without being officially certified – fairly and sustainably! Fruity, finely sour, somewhat tart – this choice drinking chocolate melts in your mouth. A very special variety.

Available in various sizes!
