Delicious enjoyment without the use of palm oil. Crisp cocoa sandwich biscuits with a tasty vanilla cream are the basis for the new Palmoilfree Double Cooky. The product is also gluten and lactose free.

Shortbread Tartlets sugarfree

Coppenrath Feingebäck is expanding its wide range of tartlets with a special type: the popular shortbread tartlets are now available as a sugar-free version for quick and easy topping with delicious fruit and cream.

Cooky Sticks - short & long

First stir the coffee and then enjoy - the new Cooky Sticks from Coppenrath Feingebäck are sustainable, edible coffee stir sticks made from cookie dough in two sizes: short (9 cm) and long (16 cm). Thanks to their special recipe, the sticks offer sufficient stability when stirring hot drinks. They are also perfect for reducing plastic waste. The product is vegan and gluten free.
