### Crunch-spiration: Dr. Karg's Crispbread Chickpea "Falafel"

The new Dr. Karg's wholegrain crispbread Chickpea "Falafel" is inspired by the cuisines of the Levant region as well as the current chickpea trend. With black and white sesame and a colourful palette of spices, the creation will take you away to a world of delights straight from 1001 Nights. Extra virgin olive oil rounds out the flavour and provides the typical airy bite. The Variety of the Year 2022 is vegan and a natural, plant-based source of protein. Note: only available in Germany / limited availability: January-December 2022

### New! Oh, so oaty! For Private Label: Gluten-free Organic Oat Minis - Porridge-Style

From January 2022, Dr. Klaus Karg KG will be offering a new range for private label customers. The gluten-free Organic Oat Minis - Porridge-Style: a naturally delicious, crunchy and slightly sweet delight - with only a few, selected ingredients in organic quality. Baked with 100% wholegrain oats, sweetened with agave and only two to three other ingredients. Available in three varieties: Oat Minis "Crunchy Oats" (vegan), Oat Minis "Apple-Cinnamon" (vegan) and Oat Minis "Cocoa-Cream" are the ideal companion throughout the day and pure crunchy pleasure for the whole family.
