Girrbach Süßwarendekor GmbH

Unique & Colourful: our chocolate shards

Our colourful chocolate shards have been given a fresh new look: we have previously presented our chocolate shards as a premium variant with a brilliant pearly gloss for special occasions. The relaunch of these shards extends our range to colourful printed highlights with decorative designs on delicious, high-quality chocolate pieces that will enhance all baked goods and desserts. They are available both for the industry and in harmonised packaging concepts for Retail.

Richie´s Bakery brand

We are proud to introduce our Richie's Bakery brand with a completely revised product range. In addition to high-quality, colourful, trendy chocolate decorations made with premium chocolate, our eyecatching, glittery sugar sprinkle decorations convince with their uniqueness. Get to know the leading manufacturer of moulded sugar sprinkles and meet our colourful “Sprinkle World”! As a pioneer for sustainability and social responsibility, all our cocoa products produced for the "Richie's Bakery" brand are Fairtrade. "Richie's Bakery" is an international brand. We are therefore actively looking for distribution partners in Southern, Western, Northern and Eastern Europe.

Our BIO-range

A small, harmonious organic range under the brand name "Richie's Bakery Bio" completes our portfolio. It is important to know that we can also offer beautiful and high-quality organic decorations as Private Label or supply large-scale industry with individual decors in organic quality.
