Sweet classics for springtime

The marzipan classic in the colorful spring motif makes you want more. The enjoyment of the 100g box mixed with the colorful impressions of the flower packaging guarantees the perfect taste to start into springtime.

Egg liqueur praline with a modern interpretation

The 100g praline-duo egg liqueur package combines the traditional egg liqueur with the modern interpretation of passion fruit. This combination of the well-known German taste brings them both in a new and noble designed packaging.

BLACK & WHITE MARZIPAN-EGG-EDITION

The black and white Easter egg edition combines Niederegger marzipan eggs with a trendy black and white design in a 100g package. Delicious black and white chocolate chips in cocoa marzipan covered in succulent chocolate are a must have for every Easter basket and definitely worth looking for.

Vegan marzipan and chocolate Easter eggs

The new vegan Easter eggs are finally ready. They're available in four different flavors: the classic Marzipan in pink, crispy Waffle in turquoise, Almond Brownie Choc in orange-brown and Double Choc in purple. All four flavors are available in 100g packages. In addition, there's the Easter egg mix containing all four flavors in a 272g box.
