## Seeberger. True taste of nature.

Seeberger combines the know-how of over 175 years of family business with the courage to innovate and the love of nature. Every nut and every fruit is harvested by carefully selected partners exactly where the natural conditions are optimal and the full flavour can unfold. In Ulm, Germany, our selection is only put into the orange packaging when the enjoyment guarantees a conscious moment of nature.

## Seeberger Nut and Olive Mix

The high-quality nut and olive mix consists of roasted, crunchy almonds and mild cashews. Sun-drenched, lightly salted green olive rings transform this delicious mix into a Mediterranean taste explosion – the perfect addition to your chilled aperitif of choice. Now available in a 125 g bag.

## Seeberger Just ROASTED Macadamias

Hard shell, soft core. Roasted Seeberger macadamias get their intensive aroma through a gentle roasting without oil. Even without any salt at all, the queen of the nut world is a delicious highlight for every fan of Seeberger nuts.

## Seeberger Snack2go Range
