Hitschies

Our Hitschies Original Mix offers a fruity treat that is crunchy and chewy, with a firm shell coating that you have to bite through to reveal the soft centre. Whether sweet or sour, our Hitschies crack the top score for taste!

Softi Tattoo

The hearts of all fans of chewy candy will beat faster with our fruity Softis. No wonder: Our Softi chewy candies are also available with one of our tattoos in each chewy sweet. Young or old, hard or soft, they're fun for everyone.

brizzl Ufos

Our fruity brizzl Ufos show a very pleasurable sour-fruity flavour. These bi-coloured wafers filled with fruity and tongue-tingling sherbet have been a popular classic among people of all ages for decades now. Make nibbling an extraterrestrial enjoyment!
