Cavendish & Harvey Confectionery GmbH

Refreshment meets indulgence: Filled Mint Choco Drops

The Special Edition Filled Mint Choco Drops by Cavendish & Harvey has been available in stores from February 2022. They are characterized by a harmonious combination consisting of a mild peppermint shell and a creamy chocolate core. The blend of natural peppermint oil and real Belgian dark chocolate ensures an exclusive taste experience. The Special Edition is available in the famous 130g golden Tin.

The tropical combination Grapefruit with Pineapple filling is the new flavor in the Double Fruit Drops range

The company is expanding its popular Double Fruit Drops 175g range with the launch of its "Grapefruit with Pineapple filling" creation. Young adults in particular who are looking for a special fruit kick will love this new flavour. The confectionery manufacturer continues to provide fruity impulses in the confectionery market by skilfully combining innovations with its traditional premium heritage.

Katjes USA., Inc

Katjes expands to US with plant-based gummies

Katjes, Germany's second largest gummy candy brand, has expanded to the US with a 100% plant-based portfolio. Since launching in May 2021 Katjes USA has secured a nationwide listing at Walgreens with distribution increase and further retail listings set for spring 2022. The brand's direct-to-consumer online shop is live at shop.katjes.us.

New frontiers for plant-based expert

Katjes is the newest addition to the North American better-for-you snacking category. The heritage brand has focussed on replacing animal gelatin with plant-based alternatives for the past decade, making it a true expert in its field. All gummies have a chewy texture, despite not using animal gelatin as a gelling-agent, are carbon neutral, palm oil free and contain no high fructose corn syrup.

Colorful & lovable treats with a story

The US portfolio includes three SKUs: Rainbow is a multi colored celebration of love and diversity. Sour tastes like a tart adventure with unicorns, fairies and hearts. Both have proven histories of success in several countries. Love & Stars is a red, white and blue patriotic nod to Katjes's new American home. A fourth innovation is in the pipeline, to be introduced at Sweets & Snacks 2022.

Peter Kölln GmbH & Co. KGaA

Passion for Oats – since 1820

At Peter Kölln, a family-owned company with more than 200 years of experience in producing oats, we believe in the goodness of this particular grain. Thus, all our products are based on oats and they benefit from a high wholegrain amount as we always use the whole grain for our products.

Oat Flakes

Kölln® oat flakes are always 100% wholegrain. This way all the vitamins, nutrients and minerals naturally contained in oats are preserved, making oats an important part of a wholesome diet. Our Wholegrain Oats are ideal for making porridge, baking and cooking and our Soluble Oats are perfect for quickly prepared drinks and shakes.

Traditional Oat Mueslis and Oat Granolas

All our muesli mixes are based on wholegrain oats as oats are not only a classic but also an especially valuable muesli grain. Our mueslis can be enjoyed either for breakfast or as a delicious snack in between, with milk, juice or yogurt or also as a topping on desserts.

Traditional Cereals

Enjoy oats at their crispy best with Kölln® wholegrain oat cereals! Kölln® cereals are an ideal alternative to sweet cereals, as they are convincing with a wholegrain content of 65 up to 70%. In addition, they do not contain any added aroma and are rich in fibre.

ZDS – Academy of Sweets

About the ZDS

The ZDS offers training courses, seminars, workshops and congresses for the entire confectionery industry. The courses and seminars cover basic knowledge as well as current special topics in all areas of confectionery and food production. The learning contents are immediately put into practice in practical trials in the modern technical center departments.

Industrial Chocolate Manufacturing: Practical Introduction Course

This chocolate course from May, 02 to 06, 2022 gives insights into industrial chocolate manufacturing. The characteristics of raw materials and their impact on product quality and the technology of producing chocolate products are focused. The participants get to know the stages of chocolate production from cocoa bean processing to cocoa liquor and chocolate mass manufacture.

Practical course: Gums & Jellies

The introductory practical course "Gums & Jelly Products" from May, 09 to 13, 2022 deals with the production of fruit gums and aerated products in theory and practice. In the practical part, the participants apply the knowledge acquired in theory, such as the production of sugar-based and sugar-free gums and jellies with various hydrocolloids.

Chocolate Manufacturing: Intense Practical Course

Since many years we are offering this intensive chocolate manufacturing course. It is one of the most important technical seminars to produce chocolate industrially from the bean to cocoa mass and chocolate and to transform the chocolate by tempering and moulding to tablets and filled chocolates. This year the course will take place from June 27 to July, 15, 2022.
