Like a pretzel but with edges: Dr. Karg's Pretzel-Style Snack-Crispbread

The new Organic Pretzel-Style Crispbread brings a classic of the salty snack world to the crispbread shelf. The wholegrain dough is rolled out thinly, carefully glazed with pretzel-lye and sprinkled with either Emmental cheese, sea salt or sesame seeds. The slices are slowly baked in traditional rack ovens, where the crispbread receives its crunchy-fluffy texture, and its unique pretzel-taste.
