Kalfany Suesse Werbung GmbH & Co. KG

Kalfany Travel Sweets: New Premium Design

Our bestsellers are now offered in a completely new and highly attractive international design. A new artwork reinforces the premium image of the products and ensures more product value on the shelf. The range consists of 10 popular flavours and offers high-quality drops premium-packed in recyclable tins with aroma-preserving properties. The exclusive dry-candying method prevents from clumping and the drops own a most convenient medium size. All recipes are free from artificial colorants and all fruity flavours are made with concentrated fruit juice.

PULMOLL Throat Drops

Pulmoll has always offered an extensive range of products, which guarantee a soothing, releasing and tasty enjoyment. The functional benefits derive from selected ingredients such as menthol, fruit juice concentrates and Vitamin C. The calorie-reduced and tooth-friendly sugarfree variants are based on Maltitol as state-of-the-art sugar replacer and Stevia as additional natural sweetener. Pulmoll offers a premium positioning in the growing sugarfree market and is most suitable for high-grade sales channels such as pharmacies and drugstores.
