

Schluckwerder GmbH

Royal Sweets – the dark-blue Edition

We proudly present our Royal Sweets dark blue edition. With this new packaging we are able to present many of our Schluckwerder delicacies in the right setting, such as "Fancy Eggs", "Mini chocolate rounds" or our "Snowballs". Contact us and try products of our dark blue edition.

Royal Sweets – the magenta Edition

Beside the dark blue edition we present you our magenta edition, which offers just as delicious treats, as for example "Rumballs", "Marzipan potatoes" or "Nougat Hearts". Both editions can be filled according to your wishes, so that you can address several target groups with the packaging.
