Cashew-Mango-Mix

A great combination of just two ingredients - sweet mangoes and roasted cashews. The cashews are unsalted and slightly roasted. The mangoes add an exotic touch to the mix. Two all-time favourites that make a perfect match.

Available from October: Mulberry-Nut-Mix

The Mulberry-Nut-Mix will be on Seeberger shelves from 01.10.2023 to give you that extra portion of power! Discover a whole new energy-packed side of yourself when you try it. The colourful mix is a dream of colours and flavours: the honey-sweet taste of mulberries combines with crunchy cashews and fruity cranberries, while honey-salted almonds round off the new mix for a special taste.
