Filinchen - Lower Carb

Filinchen Lower Carb is opening many opportunities for a nutrition low in carbohydrates. Normally people who are looking for a diet low in carbohydrates have to forgo the taste of bread because of the high nutritional values. Our Filinchen Lower Carb has only 2.1 g per slice but at the same time is rich in fibre (7g/100g) and protein (26g/100g). Therefore, it is the perfect companion for a conscious and varied nutrition.

Filinchen - Pixels

Filinchen Pixels are a healthy snack, whether you wish for a little snack on the go or preparing for a movie night. No need to have a bad conscious with those baked and sprinkled wafers: only 9.9% fat and 405kcal per 100g. With our Pixels snacking is fun and offers a big variety with 4 different flavors (Tomato & Sweet Pepper, Barbeque, Herbs, Chili Curry) and two different sizes (100g and 50g).

dr. knusper

dr. knusper protein snack – the wafer snack with 28% protein, 75% less sugar (compared to ordinary wafers) and without flavor enhancers, artificial sweeteners and flavors. A little snack with many advantages combined with great taste in three different flavors (milk chocolate, dark chocolate, hazelnut). An excellent mixture of functional food and natural delicious taste.

Spicy Spikes

Baked with olive oil, rice flour, oat flakes and completed with finest seasoning - the Spicy Spikes are a refreshing change when it comes to choosing a snack. Many benefits are coming together: baked not fried (therefor low in fat), without palm fat, lactose free and a source of protein. Perfect to eat as side dish, for movies or for hiking and available in three delicious flavors: Roast Onion & Chili, Pizza & Wild Garlic and Cheese & Curcuma.
